

Marian Nevodski

Marian Nevodski is a 38 year old polish free-lance photographer based in Berlin.

He was born in Warsaw in 1915, studied maths at the University of Warsaw between 1933 and 1936 and then served in the Polish Army for two years as a Lieutenant before the war. He then returned to University to do his doctorate which was interrupted by his recall to duty in 1939 when he fought against the Nazi invasion. He managed to escape from occupied Poland before the nazis got a firm grip on things and travelled to the UK where he served in the free Polish forces for the remainder of the war.
