Inibrakemi

Born 719. Daughter of Abayomi and Funere, born in the Southern Isles but grew up in Kronstadt. A Board of Trade Agent known for taking the form of a large seabird.

Her name literally means 'one who shapes destiny'. It's not Skyssian, but from the Southern Isles where her father lived for a time before she was born, and her mother was a native of the Southern Isles who followed her dad when he returned to Kronstadt.

Inibrakemi has a mixed heritage. Her eyes and hair are dark, almost jet black. She is blessed as a hero and is able to channel powers from both Jorunn and Fafnir. This makes her adept at finding people, lost things and want to right wrongs done to others.
