Of these, the Original Colony is the oldest, most populous and most powerful. The five colonies have formed a Committee of Planetary Unity which usually speaks for the colonies. Due to the non-unitary natural of their politics, it can take a while for them to make a decision. The Head of State is Chair of the CPU Armand Dayer. The heads of the colonies are President Sarah Nixon (OCA and a Federalist), Consul Andrew Pendleton (ICA), Prime Minister Zachary Richardson (NCA and an anti-Federalist) and Governor Hans Spierhoofd (AC5.) The FAC has no head of colony, only a legislative branch. Ankhian politics is also notable for having a small but active Natural Rights party with several elected officials, especially in the FAC.
