T74 - President Potato visits Earth

dateline: 3208.255

President Potato of the Greater Federation of Asteel was today met by the First Minister in Earth Orbit. The president arrived in his star yacht escorted by the gold plated vessels of the Imperial Guard Squadron.

Flying First Minister

The First Minister himself flew one of the pacifiers in the Squadron that met President Potato's yacht just as it docked. He said on landing that it reminded him of his youthful days flying Pacifiers in the Imperial Flight.

There is a full itinerary of visits to Earth for President Potato including discussions over the Amoss Crisis, renewal of the Treaty of Old London and the Strategic Starship Arms Limitation Treaties. The President is also expected to meet with the First Citizen at a barbecue before beginning a tour of the Solar system.
